Description

WOW IS THIS EVER NICE! This 3 bedroom 2 bath home is located in a family oriented fantastic friendly park! Loads of updating, nice flooring, backsplash in the kitchen, jetted walk-in tub, super nice! Furnace, hot water tank, roof are all newer. Love the covered sundeck, great for enjoying our nice weather. This home is accessible for wheelchairs. Parking for 2 vehicles, one spot is covered. Very close to schools, shopping, parks, and transit is right at the main entrance, quick 10 minutes to skytrain by bus. This is a wonderful alternative to strata living... it is like your own little house. Well managed park. Be sure to come and have a look, you will love this one for sure.
