Description

Very cool house! This octagon shaped home is a rare find. Completely updated with high quality flooring, lots of wainscotting, appliances, brand new kitchen as well as new bathroom with jetted soaker tub. The ceiling is awesome with post and beams finished with lovely center piece at peak. Built-in murphy bed with office area is a wonderful space saver. The third bedroom is located just steps away from the main home and works great for the young adult, guest cottage or private office. Over 13,550 SF property with creek, footbridge, firepit and large cedar deck. Walking distance to library, school, community store and park. Quick access to highway one, Golden Ears Bridge and 200th street. Must be seen, you'll love it!
